

Dear Sirs,
Please reject the NAB petition numbered 04-160! I subscribe to XM satalite radio because I travel alot and desire to get my Music,Talk and Traffic and Weather crystal clear and at my will. When i'm home I usually listen to FM radio both News-Talk and music. Before I had this service I listened to CD's constantly as I quickly tired of channel surfing in the mountains of central Pennsylvania weare most of my business is.

Thank You,

Michael Goudas
